Southwest Endocrinology Associates Diabetes Center

**Invites you to attend a FREE
“PUMPERS R US MEETING”**

When: Saturday, January 28, 2012

**Where: Southwest Endocrinology
Associates Class Room**

Time: 10:45AM-NOON

Call our office at 505-872-1002 to R.S.V.P.

We will discuss topics such as....Am I wearing my pump in a good place? Should I do a basal test? Why does my I/C ratio work sometimes but not others? I haven't used a temporary basal or extended bolus in the past 6 months, when are those appropriate? Do I need a basal pattern for weekends?
